Color Chart

<u>1</u>	<p>When using stops on my program the colors that appear on your machine will be different (more along dst format colors which is reds, blues, greens, etc) from the pictures entirely, so instead of using stops on this design I simply used color changes in the sewing out of the design to simplify any confusion. Please follow the instructions below to get the proper results. <i>Sew out first two colors below.</i></p>	
<u>2</u>	Any Metallic Silver	
<u>3</u>	1802	White
<u>4</u>	<p>1. You have just sewn out the first outline in the design. This will be an outline of the size of the fabric needed for the fabric for the top door of box and the bottom front and side of the box</p> <p>2. Remove hoop. At this point cut a piece of fabric at least ¼ inch (I prefer to cut mine ½ inch bigger all around so I can get a nice grip on the fabric without stretching or pulling the fabric too much) all around bigger than the outline for the top open door of the box and the bottom front and side of the box (don't use too busy a fabric for the bottom of box and when placing fabric be sure to place fabrics where you can trim them to outline after next outline is sewn) and using your favorite method or you can use Embroidery Adhesive spray and spray the back of the fabric piece and center on the outline and smooth flat. (I also use Steam a Seam 2 in a ½ inch roll. Wonderful stuff!)</p> <p>3. Replace hoop and sew out next outline which will put the outline on top of the fabric pieces.</p>	

<u>5</u>	1990	Bright Pink
<u>6</u>	1. Remove hoop and trim fabric as close as possible to the outline without cutting lines or pulling fabric loose. Leave a tiny bit of fabric past the outline so fabric will not fray loose during finishing process(aprox. 2mm) 2. Place fabric for inside square of box over center. 3. Replace hoop and sew out the next color.	
<u>7</u>	1802	White
<u>8</u>	1. Remove hoop and trim fabric as close as possible to the outline without cutting lines or pulling fabric loose. Leave a tiny bit of fabric past the outline so fabric will not fray loose during finishing process(aprox. 2mm) 2. Replace hoop and sew out remaining colors	
<u>9</u>	1842	Bright Blue
<u>10</u>	1800	Black
<u>11</u>	1895	Turquoise
<u>12</u>	1990	Bright Pink
<u>13</u>	Any Metallic Gold	
<u>14</u>	1950	Florescent Green

We use either Lingerie & Bobbin Thread or Bottom Line Bobbin Thread on all of our designs. Best results are also to use black bobbin thread when using black thread.
