Sew Out Time	lg-32min sm-23min
Repeat Colors?	Yes

Color Chart

When using stops on my program the colors that appear on your machine will be different (more along dst format colors) from the pictures entirely and may tell you to change colors at a stop. Do not change colors till the instructions tell you on this sheet as it's not necessary. Please use colors on this sheet or the ones you choose to replace the ones used and follow the color change instructions below to get the proper results.

1	1802	White
2		Any Metallic Silver
<p>1. Remove hoop. At this point cut two pieces of matching fabric at least ¼ inch (I prefer to cut mine ½ inch bigger all around so I can get a nice grip on the fabric without stretching or pulling the fabric too much) all around bigger than the outline for the sleeves of the kimono using your favorite method or you can use Embroidery Adhesive spray and spray the back of the two fabric pieces and center on the outlines at the bottom sides of the kimono and smooth flat. (I also us Steam a Seam 2 in a ½ inch roll. Wonderful stuff!)</p> <p>2. Replace hoop and start to color 3.</p>		
3	1802	White
<p>3. Machine will sew out outlines over top of sleeve fabric. Remove hoop trim fabric as close as possible to outlines without cutting them. Leave a tiny bit of fabric past the outline so fabric will not fray loose during finishing process(2-3mm)</p> <p>4. Now repeat the process (steps 1-3) of placing fabric over the dress outlines and trimming. Replace hoop and finish sewing out the remaining colors.</p>		
4	1747	Dark Red
5	1800	Black
6		Any Metallic Silver
